

4. Though the CILT program is a part of Farm Camp, it operates almost entirely separate from camp. CILTS will join the rest of camp only a few times a week for meals, activities, or to join younger units, but will mainly be working independently within the CILT group on wilderness skill building, cooking skills, teamwork, and leadership development. In which of these aspects are you most excited to grow and why?

5. What are you looking to get out of your experience as a CILT that you may not have as a camper?

Please list a personal reference (**non-family member**) for us to contact as a reference. Please include email and phone #.
